

You make things happen.

You're someone who can bring people together. That's why we want to connect with more people like you.

Become a Member Pioneer and, working with us for a few hours each week, you'll grow the connection between the Co-op, your community, and local good causes.

Listening to what people need, you'll find out what matters most to them. You'll spot opportunities for real change. You'll share good news stories on social media to get even more people involved. And you'll spread the word that, with the Co-op's support, we can create stronger communities.

Discover more about becoming a Member Pioneer.
